Albany Protests Rapid Transit Overhead Plan

Engineers of the San Francisco Bay Area Rapid Transit District last week informed an open meeting of Albany citizens and members of the city council that an overhead elevated system along the Santa Fe Railroad right-of-way through Albany was the best route for the system through the area both from the standpoint of technical and economic feasibility. They indicated this would be the route they would recommend to the district's board of directors.

The meeting was held in the Cornell School auditorium and was well attended. The city council previously had gone on record as strongly opposing the overhead route as dividing the city, creating an eyesore, and necessitating the removal of some 50 homes and other buildings in the city's center.

Alternate proposals were listed in judging open trenches and highways along the East Shore Highway, San Pablo Avenue, or possible subway through the Key System tunnel to the Alameda and north to El Cerrito without entering Albany at all. The engineers declared all these alternatives too expensive.

Councilman Jerome Blank outlined to the engineers the council's position in opposing the route proposed. "The route would divide the city in two," said Blank, "and would remove a large section from the city's tax rolls. Already 38.4 per cent of our above water land is state or Federal property and all the tax rolls."

Albany High Concert Band Wins High Rating

For the second time in three years the Albany High School Concert Band has won a rating of "Superior" at the Northern California Music Educators' Band and Orchestra Festival. This year's event was held Saturday, May 7, in Modesto, and high school bands from all of northern California were entered in competition. Of the twenty-two bands in Albany's classification only three others were awarded top honors.

Coming in for special commendation were the band's spirit, appearance, choice of material and all-around musicianship. Judging was by the music faculties of various California colleges and universities.

The Albany High School Orchestra, entered in competition for the third time, was awarded a rating of "Excellent." Albany High was by far the smallest high school to enter an orchestra at the festival, and the string players received praise for their playing.

Albany High's seventy-five piece band and forty-two piece orchestra are the largest instrumental organizations in the school's history. Both are directed by Ernest Douglas of the High School faculty.

New Teacher Salary Raise Under Study

The Albany Board of Education has under study a proposed pay in raise of approximately 5 per cent for the teachers. The board proposed a new salary schedule ranging from \$4840 to \$8690 at a special meeting last week after the teachers had presented a request for substantially a like amount.

The board's view is that it would like to maintain a salary schedule comparable to those in Berkeley, Oakland, Piedmont, Alameda and Richmond, according to Superintendent Kenneth M. Forry, who serves as secretary of the school board. The Albany pay schedule is somewhat below those prevailing in these other cities.

Ralph Stone, a teacher at Albany High, represented the teachers in presenting their proposed pay schedule.

Chamber Chatter

By IRENE GROVE

Your Albany Chamber of Commerce under the leadership of the newly elected officers and board of directors, have prepared a forward looking and progressive "Program of Work" to accomplish the things you want done by your Chamber in the coming year. How will such a "Program" be carried out and achieved? Participation is the key to success. Committees are being set up to carry out the phases of this "Program" and your participation, as business men and women in Albany on the committee of your choice is essential. Remember YOU are the Chamber of Commerce and it is through your combined participation that goals can be accomplished that cannot be done individually.

"If you want a job well done... give it to a busy man" is the advice that seems to have been followed in the election of your Albany Chamber of Commerce officers and board of directors. We want you to meet and become better acquainted with them.

President Walter R. Brophy, known as "Walt" or "Red" to his close associates is well known to most of you as a most successful young attorney, a partner with Joe Gaeta in the firm of Gaeta and Brophy, in those beautiful modern new offices at 930 San Pablo Avenue. Walt is also well known from his sincere interest in the city through his leadership in the Chamber of Commerce and civic activities in the Albany Lions Club, Albany Junior Chamber of Commerce (DSA winner in 1959), American Legion, Hi Twelve and many others. Walt's very attractive wife Shirley and four little Brophys make up the rest of the Brophy family.

First Vice President Tom Gabriele and his charming wife, Edith, operate the Lexicon Store, the home of exclusive maple furniture and G.E. appliances and one of the most successful and attractive businesses in Albany at 619 San Pablo. Tom fits our description of "busy" man, for in addition to 14 years in August of successful business operation... (Tom has been a many time winner of National Sales Contests)... active leadership in the Chamber of Commerce, is this year serving as Commander of the Albany Macabee Lodge, is a member of Rotary and of the Dad's Auxiliary of the College of Holy Names. Tom and Edith are the parents of two daughters.

A very special welcome to the Key Super Markets, a new super (Continued on Page 3)

New Firm Buys Sid's Markets In This Area

The beginning of a new chain of super markets is being announced here by a group of experienced market executives, who have just completed the purchase of the two Sid's Markets located at 747 San Pablo Avenue in Albany, and at 1831 Solano Avenue in Berkeley.

These stores formerly were owned by Sid Wallace of Albany. The sale was completed on April 26. The new owners have announced the intention of establishing a chain of ten stores in the East Bay area, giving them extensive buying power and the ability to guarantee the customer every day low shelf prices in addition to terrific week end bargains.

The Key Markets give 'Blue Chip' stamps, and will continue to give Thrifty Green stamps for the next 60 days. The stores will stress high quality meats, daily received fresh farm produce, nationally advertised brands and Golden State dairy products.

The new owners are well qualified to serve the public in every way. They are: James E. Day, who was district manager for Hagstrom Stores for the past 18 years, and who has lived in Albany, El Cerrito and the Berkeley area for the last 31 years. He is now produce buyer for the new Key supermarkets.

Herbert Hahn was a district manager for Hagstroms for the last 10 years; he was raised in Berkeley and attended the Berkeley schools, and is now grocery buyer for the Key Markets, and general manager of the super market at 1831 Solano Avenue.

Alton Hanson was the former personnel and public relations manager for the Hagstrom markets, and is now personnel manager for the Key Markets and general manager of the Key Market at 747 San Pablo Avenue.

Robert Elliott was meat market manager for the Hagstrom stores for many years and is now the meat buyer for the Key Markets and manager of the meat department. He has been in the meat business for 27 years and for eight years operated his own meat market on San Pablo in Albany, called "Elliott's Quality Meats".

Milton Winter has been auditor and controller for the Hagstrom Stores for the last 17 years and is now working in the same capacity for the Key Markets.

While the stores are open and planning a grand opening celebration to be held on the weekend of May 18, 19, 20 and 21. There will be many prizes offered to visitors as well as special demonstrations of products.

BERKEY-LEE HEARING GRANTED NEXT WEEK

Following a long discussion at its regular meeting Monday night the Albany City Council granted a new hearing on the Berkey Lee Volkswagen request for access to the firm's parking lot adjoining Adams Street.

At the hearing this week the city clerk announced that 46 notices had been sent out, and that a petition had been filed with 24 signatures opposed to granting Use Permit for the 25 feet involved. When the matter came to a vote Councilman Crimeli moved to deny the request. No second being made, Mayor Zahn relinquished the chair to City Clerk McLean and stepped down to offer a second. On a roll call vote Councilman Blank and Howell voted against the denial, and Councilman Crimeli and Mayor Zahn voted for the motion. Councilman Carlevaro declared he was not voting on the question. City Attorney Foley ruled this was equivalent to a 3 to 2 vote against the denial, but that a four-fifths vote would be required to pass the motion because of the approximately 30 per cent protest.

Councilman Carlevaro expressed himself as against a move which appeared to be denying the Berkey-Lee firm access to their own parking lot, which had been approved by the electorate at the April 12 election, although an adverse vote had been recorded against rezoning the 25-foot strip, leaving the two pieces of property legally separated, and literally denying the firm access to its own parking lot.

Paul Boylich, an Adams Street resident who had helped circulate petitions against the Berkey-Lee Use Permit for the parking lot and the rezoning of the 25-foot strip, asked the mayor if he might be heard, and expressed the view that it was unfair to deny the firm access to its own property, and that some method should be found to correct what appeared to be an unfair and impossible situation.

Johnny Lee of the Berkey-Lee firm made an impassioned plea in which he stated he was virtually "fighting for his life", and that the denial would cause him to lose his franchise. He said the representative of the Volkswagen factory had delivered an ultimatum to the effect that his franchise would be withdrawn if the matter was not settled by Tuesday morning.

Councilman Howell then moved that notices be sent out for a public hearing next Monday night relative to the creation of a 12 1/2 foot corridor to be opened through the 25-foot strip, permitting access to the parking lot. The motion was seconded by Councilman Crimeli and passed unanimously. The city clerk was also instructed to send a letter to the Volkswagen officials notifying them of this action.

Mayor Zahn gave a report on the Rapid Transit hearing at Cornell School, last week. She also spoke in favor of increasing the personnel of the Traffic and Safety Commission from two to five laymen, with the City Engineer and chiefs of the Fire and Police departments as ex-officio members. Action on this item was postponed until next week's meeting.

STATE FARM
CUTS CAR INSURANCE RATES FOR MILLIONS

A new rating plan from State Farm reduces rates for many careful drivers! It's a pin-pointed system for determining the rate that's fair for YOU personally. It matches you with one of nearly 100 driver classifications—according to your age, your sex, family members who drive your car, where you drive, how much you drive, and what you use your car for. It's more accurate in determining YOUR fair rate. And whatever your classification, you're pretty sure to pay less with State Farm than most folks pay elsewhere. Contact me today.

meet Howard Searby

New service lines are built faster nowadays by Howard Searby and his crew. Howard's secret: Preassembled cross-arms for power poles. Each cross-arm, complete with insulators and bracing, used to be put together in the field by the line crew. Now, with cross-arms prefabricated in our service centers, linemen can set poles and string power lines more easily and at less cost. It's another money-saving efficiency that enables us to provide for \$1 the same gas and electricity that cost \$1.28 elsewhere.*
